Date: March 22, 2026

Prepared By: [Your Name/Company Name]

Location: [Proposed Location, e.g., Kilimani, Nairobi]

1.0 Executive Summary

The Polished Pearl is a proposed start-up beauty parlour located in a high-traffic urban area of [City, e.g., Nairobi, Mombasa]. The business will specialize in high-quality manicure and pedicure services, catering to a growing demographic of image-conscious professionals, young adults, and beauty enthusiasts in Kenya. The Kenyan beauty industry is experiencing rapid growth, driven by rising disposable incomes, a youthful population, and the influence of social media .

The Polished Pearl aims to capture market share by offering a superior customer experience, prioritizing hygiene, and staying ahead of the latest nail art trends. We project a total startup cost of **KES 1,248,000**. With a strategic pricing model and a focus on customer retention, the business is projected to achieve profitability within the first year, generating an estimated net profit of **KES 83,000 per month by Year 1** and **KES 357,000 per month by Year 3**.

2.0 Company Description

Component	Description
Business Name	The Polished Pearl (A name that evokes elegance, quality, and value, like a precious pearl discovered through careful care).
Mission Statement	To provide exceptional and hygienic nail care services in a relaxing, stylish environment, enhancing our clients' natural beauty and confidence with every visit.
Vision Statement	To become the most sought-after nail care destination in [City/Region], known for our artistry, impeccable hygiene, and commitment to customer delight.
Legal Structure	Sole Proprietorship or Private Limited Company (Ltd) . A sole proprietorship is simpler and cheaper to register for a single owner. A Ltd company is recommended if seeking external investors or to limit personal liability.

Component	Description
Location	A strategically chosen, accessible space in a bustling area such as a shopping mall, a vibrant business district, or a high-end residential area (e.g., Kilimani, Westlands, or along Thika Road). The advantages include high foot traffic, visibility, and proximity to the target clientele.

4.0 Market Analysis

4.1 Target Market

- **Demographics:** Primarily women aged 18-45, including university students, young professionals, corporate executives, and mothers. A growing segment of men seeking grooming services is also targeted .
- **Psychographics:** Individuals who value self-care and personal appearance, are active on social media (especially Instagram and TikTok), and are willing to pay for quality, convenience, and a relaxing experience .

4.2 Market Needs

The parlour will fulfill the need for a clean, professional, and relaxing space for nail care. Customers seek skilled technicians who can execute the latest trends safely and hygienically, addressing concerns about infections and unprofessional service found in some unregulated salons.

4.3 Competition Analysis

Competition includes established salons in the area, mobile nail technicians, and home-based businesses.

- **Strengths of Competitors:** May have existing loyal clientele or offer lower prices.
- **Weaknesses of Competitors:** Often have inconsistent service quality, poor hygiene standards, outdated designs, or are not conveniently located.
- **The Polished Pearl's Advantage:** We will differentiate ourselves through an unwavering commitment to sterilization (using an autoclave), a premium and Instagram-worthy ambiance, and highly skilled technicians who are continuously trained on new techniques.

4.4 SWOT Analysis

Strengths

Highly skilled and trained staff.

Superior hygiene standards and high-quality products.

Strategic, high-visibility location.

Weaknesses

New brand with no existing customer base.

High initial startup costs.

Potential reliance on a few key technicians.

Opportunities

Growing market for beauty services in Kenya.

Threats

Intense competition from established salons.

Opportunities

High demand for social media-worthy nail art.

Partnerships with local beauty influencers.

Threats

Fluctuating costs and availability of quality supplies.

Economic downturns affecting discretionary spending.

5.0 Marketing and Sales Strategy

5.1 Branding

- **Logo:** A sleek, elegant pearl inside a stylized clam shell or a simple, refined font with a pearl icon.
- **Color Scheme:** A sophisticated palette of white, soft pearl grey, and rose gold accents to convey cleanliness and luxury.
- **Brand Identity:** "Where your nails become a masterpiece."

5.2 Promotional Activities

- **Social Media Marketing:** This is crucial. We will maintain active profiles on Instagram and TikTok, posting high-quality photos and videos of our work, behind-the-scenes clips, and client testimonials. We will use relevant Kenyan hashtags (#NairobiNails #KenyanBeauty) .
- **Grand Opening Promotion:** Offer a 20% discount on all services for the first week to attract initial customers.
- **Referral Program:** "Bring a Friend" initiative where existing clients receive a discount on their next service for every new client they refer .
- **Loyalty Program:** A digital punch card where clients earn a free service after a set number of visits.

5.3 Pricing Strategy

Our pricing will be competitive and value-based, reflecting the quality of our products, expertise, and service environment.

8.0 Financial Plan

8.1 Startup Costs

Item	Cost (KES)
Leasehold Improvements (painting, decor, ventilation)	200,000
Equipment & Furniture (from 6.2)	660,000
Initial Inventory (polishes, supplies, disposables)	100,000
Business Registration & Licenses (Single Business Permit, etc.)	25,000

Item	Cost (KES)
Pre-opening Marketing (flyers, social media ads)	50,000
Rent Deposit (3 months)	150,000
Operating Capital (first 2 months' salaries)	170,000
Total Startup Costs	KES 1,248,000

Rent deposit is estimated at KES 50,000/month. This is a variable cost depending on the final location .

8.2 Operating Expenses (Projected Monthly)

Item	Cost (KES)
Rent	50,000
Utilities (Water, Electricity, Internet)	15,000
Staff Salaries	85,000
Supplies Restocking	25,000
Marketing	10,000
Miscellaneous (cleaning, etc.)	5,000
Total Operating Expenses	KES 190,000

8.3 Revenue Projections (First Year)

Assumptions:

- Average Price per Service: KES 1,500 (blend of manicures and pedicures).
- Average Customers per Day: 10 initially, growing to 20.

- Operating Days per Month: 26 days.

Month	Avg. Daily Customers	Avg. Revenue per Day (KES)	Monthly Revenue (KES)
1-3	8	12,000	312,000
4-6	12	18,000	468,000
7-12	16	24,000	624,000

8.4 Funding Request

The total funding required to launch The Polished Pearl is **KES 1,250,000**. These funds will be used as detailed in Section 8.1 (Startup Costs).

8.5 Loan Repayment Plan

Assuming a loan of **KES 1,250,000** at an annual interest rate of 13% over 5 years, the monthly repayment would be approximately **KES 28,500**. This is factored into the profit and loss projections.

8.6 Break-Even Analysis

- **Monthly Fixed Costs:** Salaries (85,000) + Rent (50,000) + Utilities (15,000) + Loan Repayment (28,500) = **KES 178,500**
- **Average Gross Profit per Service:** KES 1,500 - (Cost of supplies ~KES 250) = **KES 1,250**

Break-even point (in customers) = Fixed Costs / Gross Profit per Service = 178,500 / 1,250 = 143 customers per month.

This translates to approximately **6 customers per day**, a very achievable target within the first month.

8.7 Profit and Loss Projection (Years 1-3)

Item (KES)	Year 1 (Average)	Year 2	Year 3
Revenue	456,000	648,000	840,000
Less: Cost of Supplies	(25,000)	(32,000)	(40,000)

Item (KES)	Year 1 (Average)	Year 2	Year 3
Gross Profit	431,000	616,000	800,000
Less: Operating Expenses	(190,000)	(190,000)	(190,000)
Less: Loan Repayment	(28,500)	(28,500)	(28,500)
Net Profit	212,500	397,500	581,500
<i>Net Profit (Monthly Average)</i>	<i>*17,708*</i>	<i>*33,125*</i>	<i>*48,458*</i>

Note: These projections are conservative and do not account for revenue from retail product sales.

8.8 Cash Flow Projection (First 3 Months)

Item (KES)	Month 0 (Startup)	Month 1	Month 2	Month 3
Opening Cash	0	0	46,500	114,000
Cash Inflow (Revenue)	0	312,000	312,000	312,000
Cash Outflow	1,248,000	(265,500)	(244,500)	(244,500)
Closing Cash	(1,248,000)	46,500	114,000	181,500

This positive cash flow by Month 3 confirms the business model's viability.
